

Reregistration for Anchors Unlimited Science Fun, Inc. Fall Science Fun Days

Thank you for considering participation at our coming events. You may choose to attend just one day but early registration for the Halloween Science Fun Day is recommended. It is expected to fill up fast!

Saturday, September 20, 10-noon the 20th Anniversary Fall Science Fun Day will take place at 3941 Research Park Drive (<http://www.annarborcil.org/directions> next to Child Care Network) Ann Arbor, MI 48108. Pre-registration is required and refreshments will be included. It is a sneak preview of the book sale, hands-on activities and a chance to help with our fundraiser for a unique forthcoming online program. AUI has no paid staff, offers free hands-on activities and this will be our first fundraiser.

We will feature a FALL theme, *Moving, Migration and Hibernation* and there will be door prizes from area groups.

Questions or comments can be sent to captain@anchorsciencefun.com
