

Anchors Unlimited Science Fun, Inc.

Registration for 20th Anniversary Fall Science Fun Days

Thank you for considering participation at our coming event. AUI has no paid staff, offers free hands-on activities and this will be our first fundraiser. Our goal is to raise enough money to offer an innovative math/science education/enrichment online program. You may choose to attend just one day but attending both is desirable.

- **Saturday, September 20, 10-noon** is a pre-registration day with refreshments.
- **Sunday, September 21, 1-4 pm** is free and open to the public.

Nonprofit groups may register for a table or offer a hands-on activity with **no fee, if registering before 9-1-14**. If you plan to sell something, we ask that you offer a donation or something for our door prize give-away. We will feature a **FALL theme, Moving, Migration and Hibernation**, but groups are not limited to the specific theme if they have successful activities for their table to facilitate. We hope to have a set up time Friday, September 19 and details will be sent out a week before the event. All those registering will be included in our printed program. A station punch card will be included so please have something short for participants to do and a stamp for the card. By participating in our event, you acknowledge photos will be taken and used as part of our promotional material. Questions or comments can be sent to Lisa@anchorsciencefun.com

REGISTRATION

Name _____ Title _____

Group Name _____
